## INITIAL DISCLAIMER

Dessert Finance provides due-diligence project audits for various BSC projects. Dessert Finance in no way guarantees that a project will not remove liquidity, sell off team supply, or otherwise exit scam.

Dessert Finance does the legwork and provides public information about the project in an easy-to-understand format for the common person.

Agreeing to a project audit can be seen as a sign of confidence and is generally the first sign of trust for a project, but in no way guarantees that a team will not remove *all* liquidity (“Rug Pull”), sell off tokens, or completely exit scam. There is also no way to prevent private sale holders from selling off their tokens. It is ultimately your responsibility to read through all documentation, social media posts, and contract code of each individual project to draw your own conclusions and set your own risk tolerance.

Dessert Finance in no way takes responsibility for any losses, nor does Dessert Finance encourage any speculative investments. The information provided in this audit is for information purposes only and should not be considered investment advice.

We do understand that sometimes mint functions are essential to the functionality of the project.

# Contract Transaction Fees

At the time of Audit the transaction fees (“tax”) listed below are the fees associated with trading. These fees are taken from every buy and sell transaction unless otherwise stated.

**BabyDeFido Dogenomics**

In order for BabyDeFido to grow and become a big dog in the cryptocurrency 10% tax is collected.

Category	Percentage
MARKETING	4%
LIQUIDITY	2%
REFLECTIONS	2%
OPERATIONS	2%

Marketing: This project is extremely marketing oriented, with 4% on each transaction being sent to the marketing budget.

Liquidity: 2% goes to liquidity to build a strong floor level, and create a wide space for bigger investments from buyers.

Holder Incentives: 2% of transactions are redistributed back to loyal holders to reward them for being part of the project.

Further Development: 2% goes to project development to create further expansion of the project as envisioned.
